Kansas Lands \$4B, 4,000-Job Panasonic Energy Electric Vehicle Battery Plant

TOPEKA – Kansas Governor Laura Kelly announced that Panasonic Energy Co., Ltd., plans to build one of the largest electric vehicle (EV) battery manufacturing facilities of its kind in the United States in Kansas. Pending approval by Panasonic Holdings Corporation Board of Directors, the company has identified a site in De Soto for the potential project.

The planned project is expected to create up to 4,000 new jobs and result in an investment of up to \$4 billion, which represents the largest economic development project in Kansas history. The development will have

ripple effects throughout the regional and state economy, supporting an estimated 4,000 additional jobs created by suppliers and community businesses and 16,500 construction jobs as cited in an independent Wichita State University economic impact study.

“As the largest private investment in Kansas history and one of the largest EV battery manufacturing plants of its kind in the country, this project will be transformative for our state’s economy, providing in total 8,000 high-quality jobs that will help more Kansans create better lives for themselves and

their children,” said Kansas Governor Laura Kelly.

This planned state-of-the-art facility will create and supply lithium-ion batteries and accelerate the future of electric vehicle innovation on a global scale. Panasonic Energy’s current U.S. battery manufacturing operation has shipped more than six billion EV battery cells. Panasonic Energy plans to expand its production of EV batteries as the automotive industry shifts to more sustainable electric technologies. The proposed development would boost the regional economy, creating opportunities for suppliers and community businesses.

“With the increased electrification of the automotive market, expanding battery production in the U.S. is critical to help meet demand,” said Kazuo Tadanobu, President, CEO of Panasonic Energy. “Given our leading technology and depth of experience, we aim to continue driving growth of the lithium-ion battery industry and accelerating towards a net-zero emissions future.”

“Once Governor Kelly signed APEX into law,” Toland said, “the state gained the necessary economic development tool to pursue megaprojects that could transform the Kansas economy. Panasonic recognized Kansas as not just a contender, but as the ideal partner for this revolutionary project.”

Panasonic Energy selected Kansas due to its business-friendly climate, robust talent pool and workforce skillset, support of technology innovation, strong transportation infrastructure, and central location. This builds on Kansas City’s legacy manufacturing and automotive industry strengths.

“With this major development, Kansas is being recognized around the world for our talented workforce, innovative environment, and quality of life,” said U.S. Senator Jerry Moran (Kan.). “Panasonic will bring thousands of good-paying, high-quality jobs to our state which will be a massive economic benefit for local businesses and our communities for decades to come. With the goal of making Kansas a destination for industry, defense, education, science, technology, engineering, and innovation, we will keep our students, their knowledge and intellect in Kansas.”

Kansas has an established

battery manufacturing sector with seven establishments employing approximately 1,300 individuals. The state was ranked second in the nation for employment and wage concentration in the sector in 2021. With the opportunity to potentially add an additional 4,000 jobs, this deal will make Kansas an industry leader at a time when the sector is predicted to grow at an annualized rate of 2.4 percent.

“Kansas is proving itself to be an attractive place where entrepreneurs can unleash innovation and create jobs,” said Senator Ty Masterson, President of the Kansas Senate. “The Panasonic announcement shows that attraction is global.”

“When the Kansas Legislature passed the APEX legislation, this was the kind of megaproject we had in mind,” said Representative Ron Ryckman, Speaker of the Kansas House of Representatives.

The proposed Panasonic project is the latest economic development win recently announced by the state:

- Last month, Governor Kelly said the state surpassed \$9 billion new, private-sector investments since January 2019 resulting in more than 43,500 jobs being created or retained.

- Also in June, Kansas was awarded Area Development Magazine’s prestigious Gold Shovel Award for the second year in a row. The back-to-back wins are unprecedented in state history.

- In March, Kansas won the Governor’s Cup from Site Selection Magazine for having the country’s most economic development investment per capita.

“On behalf of the City Council and the community, I

am thrilled to welcome Panasonic Energy to De Soto. The scale of Panasonic Energy’s investment in our community will usher in unprecedented generational economic prosperity for the state and region,” said De Soto Mayor Rick Walker. “We are honored to be part of it.”

The Kansas City region is the third fastest-growing tech market in the U.S. and is a nucleus of engineering, technology, and automotive manufacturing expertise. With a strong talent pipeline and cutting-edge training programs, the Kansas City market employs nearly 21,000 workers who contribute to the \$19 billion KC transportation manufacturing industry.

“Panasonic Energy made the right choice to select the Kansas City region due to our market’s strengths in EV and tech innovation,” said Tim Cowden, President and CEO of the Kansas City Area Development Council. “This announcement, alongside FIFA’s selection of KC as 2026 World Cup host city, our new single-terminal airport coming online and global tech companies investing in the market, reinforces the transformational success our region is having on a global scale.”

“The electric vehicle industry is expected to grow eight times its size in less than 10 years, which is an incredible opportunity for states, communities and energy partners to support leading, innovative technology companies,” said David Campbell, President and CEO of Evergy. On behalf of our region’s business community, we are very excited to welcome Panasonic Energy to Kansas and the Kansas City Region, and we look forward to supporting your long-term success.”

HOUSE CONCURRENT RESOLUTION No. 5003

A PROPOSITION to amend the bill of rights of the constitution of the state of Kansas by adding a new section thereto stating that there is no constitutional right to abortion, and reserving to the people the ability to regulate abortion through the elected members of the legislature of the state of Kansas.

WHEREAS, This proposition to amend the bill of rights of the constitution of the state of Kansas shall be known and may be cited as the Value Them Both Amendment.

Now, therefore:
Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the House of Representatives and two-thirds of the members elected (or appointed) and qualified to the Senate concurring therein:

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: The bill of rights of the constitution of the state of Kansas is hereby amended by adding a new section to read as follows:

“§ 22. **Regulation of abortion.** Because Kansans value both women and children, the constitution of the state of Kansas does not require government funding of abortion and does not create or secure a right to abortion. To the extent permitted by the constitution of the United States, the people, through their elected state representatives and state senators, may pass laws regarding abortion, including, but not limited to, laws that account for circumstances of pregnancy resulting from rape or incest, or circumstances of necessity to save the life of the mother.”

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

“*Explanatory statement.* The Value Them Both Amendment would affirm there is no Kansas constitutional right to abortion or to require the government funding of abortion, and would reserve to the people of Kansas, through their elected state legislators, the right to pass laws to regulate abortion, including, but not limited to, in circumstances of pregnancy resulting from rape or incest, or when necessary to save the life of the mother.
“A vote for the Value Them Both Amendment would affirm there is no Kansas constitutional right to abortion or to require the government funding of abortion, and would reserve to the people of Kansas, through their elected state legislators, the right to pass laws to regulate abortion.
“A vote against the Value Them Both Amendment would make no changes to the constitution of the state of Kansas, and could restrict the people, through their elected state legislators from regulating abortion by leaving in place the recently recognized right to abortion.”

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the House of Representatives, and two-thirds of the members elected (or appointed) and qualified to the Senate shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at a special election which is hereby called on August 2, 2022, pursuant to section 1 of article 14 of the constitution of the state of Kansas, to be held in conjunction with the primary election held on such date.
