Red Cross: Donors needed now to build up the blood supply \$15 e-gift card for those who come to give blood by Feb. 28

The American Red Cross urges donors to give blood in February to help build up the blood supply after thousands of donations went uncollected last month. People of all blood types – especially those with type O negative blood – are encouraged to make and keep their donation appointments so hospitals can continue to ensure critical

care for patients this winter. Since the beginning of the year, hundreds of blood drives have been canceled and more than 16,000 blood and platelet donations have gone uncollected due to severe winter weather and wildfires. As February continues, so does the potential for additional weather systems to disrupt blood drives. Flu

and other seasonal illnesses are spreading, which could also force more people to cancel scheduled donation appointments, compounding the impact to collecting life-saving blood products.

Give with your whole heart this month. To book a time to give blood, use the Red Cross Blood Donor App, visit RedCrossBlood.org or

call 1-800-RED CROSS (1-800-733-2767).

As a thank-you, all who come to give Jan. 27-Feb. 28, 2025, will get a \$15 e-gift card to a merchant of choice. See RedCrossBlood.org/Flurry for details.

Upcoming blood donation opportunities Feb. 16-28:

Wyandotte - Kansas City
2/19/2025: 10 a.m. - 3 p.m.,

Cabelas, 10300 Cabela Dr

How to donate blood
Simply download the American Red Cross Blood Donor App, visit RedCrossBlood.org, call 1-800-RED CROSS (1-800-733-2767) or enable the Blood Donor Skill on any Alexa Echo device to make an appointment or for more information. All

blood types are needed to ensure a reliable supply for patients. A blood donor card or driver's license or two other forms of identification are required at check-in. Individuals who are 17 years of age in most states (16 with parental consent where allowed by state law), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also have to meet certain height and weight requirements.

Blood and platelet donors can save time at their next donation by using RapidPass® to complete their pre-donation reading and health history questionnaire online, on the day of their donation, before arriving at the blood drive. To get started, follow the instructions at RedCrossBlood.org/RapidPass or use the Blood Donor App.

Another way to support the lifesaving mission of the Red Cross is to become a volunteer blood donor ambassador at Red Cross blood drives. Blood donor ambassadors help greet, check in and thank blood donors to ensure they have a positive donation experience.

Volunteers can also serve as transportation specialists, playing a vital role in ensuring lifesaving blood products are delivered to nearby hospitals. For more information and to apply for either position, visit redcross.org/volunteertoday.

New Resources For Sickle Cell Warriors

Are you a sickle cell warrior or do you know someone with sickle cell disease? At Social Security, we're committed to supporting sickle cell warriors and the people who care for them.

An adult or child with sickle cell disease may be eligible for benefits through Social Security Disability Insurance (SSDI) or Supplemental Security Income (SSI).

SSDI benefits are based on earnings and are not subject to income and resource limits. SSI is a needs-based program that provides payments to people who are age 65 or older, blind, or have a disability and have limited income and resources.

Our publications provide information, examples, and tips to help you understand the disability application and evaluation process. You can learn more by reading:

- Sickle Cell Disease and the Social Security Disability Evaluation Process for Adults at www.ssa.gov/pubs/EN-60-003.pdf.
- Sickle Cell Disease and the Social Security Disability Evaluation Process for Children at www.ssa.gov/pubs/EN-60-004.pdf.

Our publication, Sickle Cell Disease: A Guide for Health Professionals on Providing Medical Evidence for Social Security Disability Claims at www.ssa.gov/pubs/EN-60-005.pdf, explains the medical evidence we need to make medical decisions for people with sickle cell disease. For more information about our disability programs and related topics, visit our blog article titled Understanding Social Security Disability Benefits at blog.ssa.gov/understanding-social-security-disability-benefits. These resources help ensure timely, equitable, and accurate disability evaluations for people with sickle cell disease.
