Social Security Updates Recently Announced Identity Proofing Requirements

The Social Security Administration (SSA) is taking proactive steps to enhance the security of its services by implementing stronger identity verification procedures. The updated measures will further safeguard Social Security records and benefits for millions of Americans against fraudulent activity. In-person identity proofing for people unable to use their personal my Social Security account for certain services will be effective April 14, 2025.

"We have listened to our customers, Congress, advocates, and others, and we are updating our policy to provide better customer service to the country's most vulnerable populations," said Lee Dudek, Acting Commissioner of Social Security. "In addition to extending the policy's effective date by two weeks to ensure our employees have the training they need to help customers, Medicare, Disability, and SSI applications will be exempt from in-person identity proofing because multiple opportunities exist during the decision process to verify a person's identity."

Under the updated policy beginning April 14, 2025, individuals applying for Social Security Disability Insurance (SSDI), Medicare, or Supplemental Security Income (SSI) who cannot use a personal my Social Security account can complete their claim entirely over the telephone without the need to come into an office.

Individuals who cannot use their personal my Social Security account to apply for benefits will only need to prove their identity at a Social Security office if applying for Retirement, Survivors, or Auxiliary (Spouse or Child) benefits. SSA will enforce online digital identity proofing or in-person identity proofing for these cases. The agency will not enforce these requirements in extreme dire-need situations, such as terminal cases or prisoner pre-release scenarios. SSA is currently developing a process that will require documentation and management approval to bypass the policy in such dire need cases.

Individuals who do not or cannot use the agency's online my Social Security services to change their direct deposit information for any benefit will need to visit a Social Security office to process the change or can call 1-800-772-1213 to schedule an in-person appointment. The agency also recommends that individuals unable to apply online call to schedule an in-person appointment to begin and complete a claim for Retirement, Survivors, or Auxiliary (Spouse or Child) benefits in one interaction.

SSA recently required nearly all agency employees, including frontline employees in all offices throughout the country, to work in the office five days a week. This change ensures maximum staffing is available to support the stronger in-person identity proofing requirement.

The agency will continue to monitor and, if necessary, make adjustments to ensure it pays the right person the right amount at the right time while safeguarding the benefits and programs it administers. SSA plans to implement the Department of Treasury's Bureau of Fiscal Service's payment integrity service called Account Verification Service (AVS). AVS provides instant bank verification services to proactively and timely prevent fraud associated with direct deposit change requests. SSA will continue to fight fraud while balancing its program integrity responsibilities with delivering on its customer service mission to the American people.

People who do not already have a my Social Security account can create one at www.ssa.gov/myaccount/.

Move-Over Protections for all Highway Drivers

Governor Kelly signed Senate Bill 8, which requires drivers to move over when passing stationary vehicles displaying hazard warning lights.

"Thanks to this commonsense bill, all drivers will now be required to move over or slow down if there is a vehicle on the side of the road with flashing lights," Governor Laura Kelly said.

Senate Bill 8 works to protect both drivers of disabled vehicles displaying hazard warning signal lights and other drivers on the road. The bill requires drivers on the road to proceed with caution and change lanes away from the disabled vehicle if it is possible and safe to do so.

"Eighty-two crashes occurred from 2018-2023 with someone in a vehicle while on the side of the road," said State Representative for the 125th District Shannon Francis. "This bill will improve driver behavior by creating consistency with other move-over bills for law enforcement, first responders, and utility vehicles, among others."

Historically, move-over protections had been limited to emergency personnel. Over time, these protections included road service vehicles, utility, and tow trucks. This year, move-over protections will apply to all highway vehicles.

"Senate Bill 8 is a commonsense safety measure that will enhance protections for all travelers on Kansas roadways," said Senator for District 7 Ethan Corson "With its enactment, we're taking meaningful steps to look out for drivers and passengers."
