### Market Outlook for the Second Half of 2026: Where Investors Should Focus

**Dr. Richard Baker, AIF®, is the CEO and executive wealth advisor at Fervent Wealth Management**

In junior high, our school dances were in the cafeteria. The girls all danced in the middle, and the guys would lean against the walls, hoping a girl would dance with them at the next slow song. Once, my buddy said to me, "Stand up straight and look confident. Girls like confidence." He somehow thought my posture would score me a dance. Well, right now I'm adjusting my

investment posture and hoping for a niche second-half dance.

I still feel good about stocks for the rest of this year. Stocks may not have as strong a second half as they had in the first, but I expect them to slightly outperform other investments. As the economy continues to strengthen, publicly traded companies continue to have strong earnings, and artificial intelligence (AI) buildout spending continues unabated, fueling many parts of the market. We do not know for sure which companies will

convert AI spending into strong AI-driven profit, so investors should remain diversified and avoid being tempted to invest heavily in a few popular AI holdings.

I am more in favor of U.S. stocks over international stocks. Though it is important to have some international holdings for diversification, U.S. stocks remain king as long as the U.S. economy stays healthy and U.S. companies continue to be leaders in innovation. A major advantage to the U.S. economy

is that it is not as affected by rising oil prices and global energy shortages compared to the rest of the world, because the U.S. still produces more oil than it uses. Although, as I write, President Trump announced that the peace agreement with Iran is over. This might be a negotiating tactic, or it might not; either way, the situation with Iran could still cause market volatility.

In early June, I rebalanced my portfolio to adjust growth stocks from positive to neutral due to the large run-up in technology stocks and because they are looking overpriced. This chip stock rally ran so hot that I think a lot of investors are looking for other opportunities. I expect some gains from the technology sector, but I also expect them to level off somewhat in the second half of the year. It seems like the market is looking beyond the AI investing frenzy and wondering where the next opportunity will come from. I wouldn't be surprised if value stocks get a bump if AI stocks take a breather or if oil prices go up again.

Smaller companies had a killer first half. The Russell 2000 index, which tracks small companies, gained more than 20% in the first six months of the year, which is the best first-half performance since 1991 according to the Wall Street Journal. The small-cap indexes benefited from this wild chip stock rally in the first half of this year. It was semiconductor, AI hardware, and technology infrastructure stocks that juiced gains in small companies as investors became more willing to take risks. However, I am pulling back some on small-cap stocks to a neutral stance because it seems more likely that interest rates

won't drop and might even rise slightly, and smaller companies are often hit harder in these scenarios.

I continue to favor low-volatility stocks because they are often more stable and hold up better in uncertain markets. These stocks might be a little more boring, but they can still have market gains while helping stabilize a portfolio during periods of volatility. I'm not expecting major volatility, but with the strong gains of the first half, I am going to hold on to some profits and try to force opportunities.

We see two themes that could shape markets in the second half. First, the U.S. midterm elections could shift control of Congress. With the Democratic candidate from Maine expected to drop out of the race, it looks like Republicans will retain control of the Senate. Democrats are expected to take control of the House by a narrow margin, which could change policy direction. Second, a new Federal Reserve chairman adds uncertainty to the markets. If inflation continues to rise and the Iran mess remains tense, the new chair will have little margin for error.

No girl gave me the signal that she wanted to dance. The problem was that there were only twenty-six kids in my class, and the girls already knew I was a goofball, and one night of good posture wasn't going to change their opinion. Thankfully, I have gotten a lot better at adjusting the posture of investment portfolios and have become a pretty great dance partner in the market. Too bad those junior high girls missed their chance on this goofball.

Have a blessed week.

SCR 1611 Constitutional Amendment

A PROPOSITION to amend sections 5, 8 and 15 of article 3 of the constitution of the state of Kansas; relating to the supreme court; providing for direct election of justices; abolishing the supreme court nominating commission; permitting justices to make contributions to and hold office in a political party or organization and take part in political campaigns.

*Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the Senate and two-thirds of the members elected (or appointed) and qualified to the House of Representatives concurring therein:*

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Sections 5, 8 and 15 of article 3 of the constitution of the state of Kansas are hereby amended to read as follows:

**“§ 5. Selection of justices of the supreme court.** *The citizens of Kansas who are qualified electors shall elect the justices of the supreme court. The rules applicable for such elections and the designation of position numbers shall be provided by law. Justice positions 1, 2 and 3 shall be elected at the general election in November of 2028, justice positions 4 and 5 in November of 2030 and justice positions 6 and 7 in November of 2032, and every six years thereafter, respectively. Any vacancy occurring on the supreme court for an unexpired term shall be filled by election as provided by law.*

*(a) Any vacancy occurring in the office of any justice of the supreme court and any position to be open thereon as a result of enlargement of the court, or the retirement or failure of an incumbent to file his declaration of candidacy to succeed himself as hereinafter required, or failure of a justice to be elected to succeed himself, shall be filled by appointment by the governor of one of three persons possessing the qualifications of office who shall be nominated and whose names shall be submitted to the governor by the supreme court nominating commission established as hereinafter provided. (b) In event of the failure of the governor to make the appointment within sixty days from the time the names of the nominees are submitted to him, the chief justice of the supreme court shall make the appointment from such nominees. (c) Each justice of the supreme court appointed pursuant to provisions of subsection (a) of this section shall hold office for an initial term ending on the second Monday in January following the first general election that occurs after the expiration of twelve months in office. Not less than sixty days prior to the holding of the general election next preceding the expiration of his term of office, any justice of the supreme court may file in the office of the secretary of state a declaration of candidacy for election to succeed himself. If a declaration is not so filed, the position held by such justice shall be open from the expiration of his term of office. If such declaration is filed, his name shall be submitted at the next general election to the electors of the state on a separate judicial ballot, without party designation, reading substantially as follows:*

—“Shall

(Here insert name of justice.)

—be retained in office?”

*(Here insert the title of the court.)*

—If a majority of those voting on the question vote against retaining him in office, the position or office which he holds shall be open upon the expiration of his term of office; otherwise he shall, unless removed for cause, remain in office for the regular term of six years from the second Monday in January following such election. At the expiration of each term he shall, unless by law he is compelled to retire, be eligible for retention in office by election in the manner prescribed in this section. (d) A nonpartisan nominating commission whose duty it shall be to nominate and submit to the governor the names of persons for appointment to fill vacancies in the office of any justice of the supreme court is hereby established, and shall be known as the “supreme court nominating commission.” Said commission shall be organized as hereinafter provided. (e) The supreme court nominating commission shall be composed as follows: One member, who shall be chairman, chosen from among their number by the members of the bar who are residents of and licensed in Kansas; one member from each congressional district chosen from among their number by the resident members of the bar in each such district; and one member, who is not a lawyer, from each congressional district, appointed by the governor from among the residents of each such district. (f) The terms of office, the procedure for selection and certification of the members of the commission and provision for their compensation or expenses shall be as provided by the legislature. (g) No member of the supreme court nominating commission shall, while he is a member, hold any other public office by appointment or any official position in a political party or for six months thereafter be eligible for nomination for the office of justice of the supreme court. The commission may act only by the

concurrence of a majority of its members.”

**“§ 8. Prohibition of political activity by justices and certain judges.** No justice of the supreme court who is appointed or retained under the procedure of section 5 of this article, nor any judge of the district court holding office under a nonpartisan method authorized in subsection (a) of section 6 of this article shall directly or indirectly make any contribution to or hold any office in a political party or organization or take part in any political campaign, *except when such judge is a candidate for election to a position on an appellate court.*”

**“§ 15. Removal of justices and judges.** Justices of the supreme court may be removed from office by impeachment and conviction as prescribed in article 2 of this constitution. In addition to removal by impeachment and conviction, justices may be retired after appropriate hearing, upon certification to the governor, by the supreme court **nominating commission** that such justice is so incapacitated as to be unable to perform adequately his duties. Other judges shall be subject to retirement for incapacity, and to discipline, suspension and removal for cause by the supreme court after appropriate hearing.”

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

*"Explanatory statement.* This amendment gives the voters the right to elect the justices of the Kansas supreme court. The justices shall serve terms of six years, with the elections of justice positions 1, 2 and 3 to occur in 2028, positions 4 and 5 to occur in 2030 and positions 6 and 7 to occur in 2032, and every six years thereafter. The rules applicable for such elections and the designation of position numbers shall be provided by law. Any vacancy on the court for an unexpired term shall be filled at an election as provided by law.

*"A vote for this proposition would give Kansas citizens the right to elect Kansas supreme court justices as provided by law. Justices will hold office for terms of six years. The Kansas supreme court nominating commission, whose membership consists of a majority of lawyers, would be abolished.*

*"A vote against this proposition would continue the current system in which the Kansas supreme court nominating commission, whose membership consists of a majority of lawyers, provides the governor a list of three individuals to choose from for vacancies on the Kansas supreme court. Justices hold office for a term of six years and retain their offices if they win a retention election in which they do not face an opponent.*

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the Senate and two-thirds of the members elected (or appointed) and qualified to the House of Representatives, shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at a special election, which is hereby called on August 4, 2026, pursuant to section 1 of article 14 of the constitution of the state of Kansas, to be held in conjunction with the primary election held on such date.

Real-time insurance verification system

Kansas Insurance Commissioner Vicki Schmidt announced the launch of the real-time insurance verification system she fought to establish to lower insurance costs. The Kansas Insurance Verification System (KSIVS) was authorized by the Legislature through SB 42 in 2025 and is now live.

“This new tool for law enforcement will better equip them to identify uninsured motorists in real-time,” said Commissioner Vicki Schmidt. “No longer will bad actors be able to take advantage of an antiquated system to skirt the law and drive-up costs for law abiding Kansans.”

According to a data call done by the Kansas Department of Insurance (KDOI), accidents with uninsured motorists over a two-year span cost insurers in Kansas over \$51 million dollars – a cost that directly affects the law-abiding driver who gets into an accident with an uninsured motorist, and indirectly for all insured drivers through increased premiums.

With the launch of this new system, when a request is made for insurance verification – such as during a traffic stop or when a registration is renewed – the KSIVS system checks the vehicle against the Kansas Department of Revenue (KDOR) motor vehicle records and the insurance companies’ data in real-time, confirming whether the vehicle is insured at that moment.

“Today marks the first step in lowering the uninsured motorist rate in Kansas,” said Commissioner Vicki Schmidt. “The lower we can get the rate, the better for Kansans and their pocketbooks.”

As of today, there are 317 insurance companies providing data to the KSIVS. For over 126,000 of the personal vehicles reported to the system, no active insurance could be found. The KDOI will continue working with KDOR and MV Solutions, the selected vendor, on an enforcement mechanism targeting uninsured vehicles who are violating state law.
