## Chief Judge Robert Burns Warns of Increased Scam Calls

There are once again reports from Wyandotte County residents receiving scam phone calls from someone impersonating a Wyandotte County Sheriff's Deputy and threatening arrest for missing jury duty in Wyandotte County District Court. The caller asks for money in order to avoid your arrest.

The caller may sound legitimate by using real names of Sheriff's personnel and Wyandotte County judges and may even have some of your personal identifying information. This is a scam, however, that periodically plagues our area.

Neither the Sheriff nor the Wyandotte County District Court will ever call you to threaten arrest or ask for money for any reason.

Residents are encouraged to please ignore these scammers and advise your friends and neighbors to do the same.

## Wet Paint Ahead: Give Street Striping Crews Room to Work

KANSAS CITY, KS - Street Maintenance crews are beginning seasonal pavement-marking work across the city. People traveling through work areas should be prepared to slow down, stay back, and avoid freshly painted lines. Driving, biking, or walking across wet paint can damage vehicles and other property, compromise new markings, and create additional risks for crews

working in active traffic.

Crews use a specialized striping truck, often called the paint rig, to refresh lane lines, crosswalks, stop bars, and other pavement markings throughout the city. These markings help drivers, cyclists, and pedestrians safely navigate local streets, particularly at night and during poor weather. Because the work takes place on active roadways, everyone traveling through the area has a role in protecting crews and allowing the new markings to dry properly.

"Striping trucks and support vehicles move slowly to help keep traffic away from freshly applied paint while it begins to dry," Street Maintenance Operations Superintendent Brandon Wayne said. "Even after the crew has moved ahead, the markings may still be wet, so drivers should stay in their lane and avoid crossing fresh paint."

Drivers should slow down, remain behind the support vehicle, and follow all posted messages or directions from crew members. Do not attempt to pass the striping operation or weave around cones and other traffic-control devices.

Most importantly, avoid crossing freshly painted lines. Stay in your lane until you are clearly beyond the work area before changing lanes or turning across new markings. Pavement marking paint may become tack-free in as little as two minutes under ideal conditions, generally between 50

and 75 degrees. Drying may take longer depending on temperature, humidity, and pavement conditions.

That means the paint may still be wet even after the striping truck has moved farther down the street.

Driving over wet markings can splatter paint onto tires, wheel wells, undercarriages, and vehicle body panels. It can also pull paint and reflective glass beads from the pavement. Those beads help make roadway markings visible at night, so disturbing them can reduce their visibility and lifespan.

When approaching a striping operation:

- \* Slow down and look ahead for warning vehicles, flashing lights, or signs.

- \* Stay behind the support vehicle and maintain a safe following distance.

- \* Avoid passing, changing lanes, or turning across freshly painted markings.

- \* Follow cones, message boards, and directions from crew members.

- \* Allow additional travel time when striping work is underway.

If you accidentally drive across wet paint, continue to a safe location before stopping. Do not stop in an active travel lane to inspect your vehicle.

A few moments of patience can prevent damage, protect the new markings, and help Street Maintenance employees complete the work safely.

When you see the paint rig, slow down, stay back, and stay off the fresh paint.

SCR 1611 Constitutional Amendment

A PROPOSITION to amend sections 5, 8 and 15 of article 3 of the constitution of the state of Kansas; relating to the supreme court; providing for direct election of justices; abolishing the supreme court nominating commission; permitting justices to make contributions to and hold office in a political party or organization and take part in political campaigns.

*Be it resolved by the Legislature of the State of Kansas, two-thirds of the members elected (or appointed) and qualified to the Senate and two-thirds of the members elected (or appointed) and qualified to the House of Representatives concurring therein:*

Section 1. The following proposition to amend the constitution of the state of Kansas shall be submitted to the qualified electors of the state for their approval or rejection: Sections 5, 8 and 15 of article 3 of the constitution of the state of Kansas are hereby amended to read as follows:

**“§ 5. Selection of justices of the supreme court.** *The citizens of Kansas who are qualified electors shall elect the justices of the supreme court. The rules applicable for such elections and the designation of position numbers shall be provided by law. Justice positions 1, 2 and 3 shall be elected at the general election in November of 2028, justice positions 4 and 5 in November of 2030 and justice positions 6 and 7 in November of 2032, and every six years thereafter, respectively. Any vacancy occurring on the supreme court for an unexpired term shall be filled by election as provided by law.*

*(a) Any vacancy occurring in the office of any justice of the supreme court and any position to be open thereon as a result of enlargement of the court, or the retirement or failure of an incumbent to file his declaration of candidacy to succeed himself as hereinafter required, or failure of a justice to be elected to succeed himself, shall be filled by appointment by the governor of one of three persons possessing the qualifications of office who shall be nominated and whose names shall be submitted to the governor by the supreme court nominating commission established as hereinafter provided. (b) In event of the failure of the governor to make the appointment within sixty days from the time the names of the nominees are submitted to him, the chief justice of the supreme court shall make the appointment from such nominees. (c) Each justice of the supreme court appointed pursuant to provisions of subsection (a) of this section shall hold office for an initial term ending on the second Monday in January following the first general election that occurs after the expiration of twelve months in office. Not less than sixty days prior to the holding of the general election next preceding the expiration of his term of office, any justice of the supreme court may file in the office of the secretary of state a declaration of candidacy for election to succeed himself. If a declaration is not so filed, the position held by such justice shall be open from the expiration of his term of office. If such declaration is filed, his name shall be submitted at the next general election to the electors of the state on a separate judicial ballot, without party designation, reading substantially as follows:*

*—“Shall*

*(Here insert name of justice.)*

*(Here insert the title of the court.)*

*—be retained in office?”*

*—If a majority of those voting on the question vote against retaining him in office, the position or office which he holds shall be open upon the expiration of his term of office; otherwise he shall, unless removed for cause, remain in office for the regular term of six years from the second Monday in January following such election. At the expiration of each term he shall, unless by law he is compelled to retire, be eligible for retention in office by election in the manner prescribed in this section. (d) A nonpartisan nominating commission whose duty it shall be to nominate and submit to the governor the names of persons for appointment to fill vacancies in the office of any justice of the supreme court is hereby established, and shall be known as the “supreme court nominating commission.” Said commission shall be organized as hereinafter provided. (e) The supreme court nominating commission shall be composed as follows: One member, who shall be chairman, chosen from among their number by the members of the bar who are residents of and licensed in Kansas; one member from each congressional district chosen from among their number by the resident members of the bar in each such district; and one member, who is not a lawyer, from each congressional district, appointed by the governor from among the residents of each such district. (f) The terms of office, the procedure for selection and certification of the members of the commission and provision for their compensation or expenses shall be as provided by the legislature. (g) No member of the supreme court nominating commission shall, while he is a member, hold any other public office by appointment or any official position in a political party or for six months thereafter be eligible for nomination for the office of justice of the supreme court. The commission may act only by the*

concurrence of a majority of its members.”

**“§ 8. Prohibition of political activity by justices and certain judges.** No justice of the supreme court who is appointed or retained under the procedure of section 5 of this article, nor any judge of the district court holding office under a nonpartisan method authorized in subsection (a) of section 6 of this article shall directly or indirectly make any contribution to or hold any office in a political party or organization or take part in any political campaign, *except when such judge is a candidate for election to a position on an appellate court.*”

**“§ 15. Removal of justices and judges.** Justices of the supreme court may be removed from office by impeachment and conviction as prescribed in article 2 of this constitution. In addition to removal by impeachment and conviction, justices may be retired after appropriate hearing, upon certification to the governor, by the supreme court **nominating commission** that such justice is so incapacitated as to be unable to perform adequately his duties. Other judges shall be subject to retirement for incapacity, and to discipline, suspension and removal for cause by the supreme court after appropriate hearing.”

Sec. 2. The following statement shall be printed on the ballot with the amendment as a whole:

*"Explanatory statement.* This amendment gives the voters the right to elect the justices of the Kansas supreme court. The justices shall serve terms of six years, with the elections of justice positions 1, 2 and 3 to occur in 2028, positions 4 and 5 to occur in 2030 and positions 6 and 7 to occur in 2032, and every six years thereafter. The rules applicable for such elections and the designation of position numbers shall be provided by law. Any vacancy on the court for an unexpired term shall be filled at an election as provided by law.

*"A vote for this proposition would give Kansas citizens the right to elect Kansas supreme court justices as provided by law. Justices will hold office for terms of six years. The Kansas supreme court nominating commission, whose membership consists of a majority of lawyers, would be abolished.*

*"A vote against this proposition would continue the current system in which the Kansas supreme court nominating commission, whose membership consists of a majority of lawyers, provides the governor a list of three individuals to choose from for vacancies on the Kansas supreme court. Justices hold office for a term of six years and retain their offices if they win a retention election in which they do not face an opponent.*

Sec. 3. This resolution, if approved by two-thirds of the members elected (or appointed) and qualified to the Senate and two-thirds of the members elected (or appointed) and qualified to the House of Representatives, shall be entered on the journals, together with the yeas and nays. The secretary of state shall cause this resolution to be published as provided by law and shall cause the proposed amendment to be submitted to the electors of the state at a special election, which is hereby called on August 4, 2026, pursuant to section 1 of article 14 of the constitution of the state of Kansas, to be held in conjunction with the primary election held on such date.

Real-time insurance verification system

Kansas Insurance Commissioner Vicki Schmidt announced the launch of the real-time insurance verification system she fought to establish to lower insurance costs. The Kansas Insurance Verification System (KSIVS) was authorized by the Legislature through SB 42 in 2025 and is now live.

“This new tool for law enforcement will better equip them to identify uninsured motorists in real-time,” said Commissioner Vicki Schmidt. “No longer will bad actors be able to take advantage of an antiquated system to skirt the law and drive-up costs for law abiding Kansans.”

According to a data call done by the Kansas Department of Insurance (KDOI), accidents with uninsured motorists over a two-year span cost insurers in Kansas over \$51 million dollars – a cost that directly affects the law-abiding driver who gets into an accident with an uninsured motorist, and indirectly for all insured drivers through increased premiums.

With the launch of this new system, when a request is made for insurance verification – such as during a traffic stop or when a registration is renewed – the KSIVS system checks the vehicle against the Kansas Department of Revenue (KDOR) motor vehicle records and the insurance companies’ data in real-time, confirming whether the vehicle is insured at that moment.

“Today marks the first step in lowering the uninsured motorist rate in Kansas,” said Commissioner Vicki Schmidt. “The lower we can get the rate, the better for Kansans and their pocketbooks.”

As of today, there are 317 insurance companies providing data to the KSIVS. For over 126,000 of the personal vehicles reported to the system, no active insurance could be found. The KDOI will continue working with KDOR and MV Solutions, the selected vendor, on an enforcement mechanism targeting uninsured vehicles who are violating state law.

## Stock Market Insights

### Show Me the Money: What's Next for Markets?

**Joe Shearrer, CPFA® is Vice President and Wealth Advisor at Fervent Wealth Management.**

When I was in high school, I worked at a local video store. Back then, people left home, drove to a store, and wandered the aisles looking for a movie to rent. You'd take the VHS tape home for a one-night rental and then return it the next day (hopefully remembering to rewind it for my sake).

One of the most popular movies at the time was Jerry Maguire. Even if you've never seen the entire movie, you probably know its most famous scene. Cuba Gooding Jr.'s character has Jerry, played by Tom Cruise, repeatedly screaming into the phone: "Show me the money!" It got me thinking that phrase may perfectly describe where investors find themselves with investments in artificial intelligence.

But AI isn't the only major story to watch. Four themes could play an important role in shaping markets during the second half of 2026.

**AI's Next Act: Show Me the Money**

Companies have poured enormous sums into data centers, advanced semiconductors, and the electricity infrastructure required to power AI. However, after all that spending, investors are increasingly sounding like Cuba Gooding Jr., asking "Show Me the Money".

The early winners were mostly companies supplying the infrastructure needed to build AI systems. The next chapter may focus on identifying businesses that can use AI to increase productivity and generate new revenue. Simply announcing an AI strategy may no longer be enough; investors increasingly want evidence of sustainable profits and portfolio-worthy returns.

**A New Era at the Federal Reserve**

The Federal Reserve is also entering a period of change under new leadership. The new

chairman will have plenty on his plate, including stubborn inflation, concerns about economic growth and jobs, and no shortage of political pressure over where interest rates should go next.

Financial markets place tremendous value on a credible and independent Federal Reserve. Investors will closely watch how the central bank navigates the ongoing concerns it faces. The key question may not simply be whether interest rates go up or down. It may be whether investors remain confident that monetary policy decisions are being driven by economic data rather than politics, and what that means for portfolio positioning.

**When Commodities Become National Security**

Governments increasingly view critical minerals as strategic national assets. Russia's invasion of Ukraine exposed Europe's dependence on foreign energy, while conflict in the Middle East has again highlighted vulnerabilities in global energy supplies.

Critical minerals are essential for AI infrastructure, along with other industries like electric grids, advanced manufacturing, and national defense. This shift could create opportunities for miners, critical mineral processors, energy producers, and oilfield service companies as countries seek more secure and diversified supply chains, and it may also shape how investors think about portfolios.

**The Midterm Elections**

Midterm election years have historically brought periods of elevated market volatility, and control of Congress is at stake this November. However, what happens after Election Day may matter more than the campaign itself.

A divided Congress could create gridlock, making sweeping policy changes more difficult. That could benefit industries where existing government spending or subsidies are already in place. Healthcare is another sector to watch, while banks

could face uncertainty if a change in congressional control slows deregulation efforts. Ultimately, investors should be cautious about making major portfolio decisions based solely on election predictions. Markets have performed under both political parties, and economic growth, corporate earnings, and interest rates generally matter more over the long run, so portfolios should stay focused on those drivers.

As we head into the second half of 2026, investors have plenty to watch. AI companies will be asked to turn massive spending into real profits; the Federal Reserve will navigate inflation and interest rates; governments will compete for strategic resources; and voters will determine the balance of power in Washington. The goal isn't to predict every headline. It's to build a strategy that can navigate whatever comes next.

Nearly 30 years after working at that video store, Rod Tidwell's famous demand still seems fitting for investors today: Show me the money.

Have a blessed week!
