Energy and persistence conquer all things.
– Benjamin Franklin

Our greatest weakness lies in giving up. The most certain way to succeed is always to try just one more time.
– Thomas A. Edison

The only limit to our realization of tomorrow will be our doubts of today.
– Franklin D. Roosevelt

It is better to fail in originality than to succeed in imitation.
– Herman Melville

A man can succeed at almost anything for which he has unlimited enthusiasm.
– Charles Schwab

In most things success depends on knowing how long it takes to succeed. – Montesquieu

There are no limits. There are only plateaus, and you must not stay there — you must go beyond them.
– Bruce Lee
